

Foldable plastic container

Technical data

Specification

- Lightweight: 67 kg
- Low cleaning effort
- Corrosion resistance
- Low care requirements
- Generously dimensioned extraction point with safety flap
- Split side panel
- Internal steel reinforcements

Dimensions (mm):	1200 x 800 x 918
Volume (l):	560
Net weight (kg):	67
Gross weight (kg):	1000
Hazardous goods class:	none
Max. spec. product weight:	1.5
Working pressure:	none
Test pressure:	none
Pressure relief:	none
Slope on base (deg):	0
Stacking full (warehouse):	5
Stacking Folded (warehouse):	15
Height stackable 2 full containers (mm):	1806
Return ratio (folded):	7 : 1
