

## Foldable plastic container

### Technical data

### Specification

- Lightweight: 96 kg
- Low cleaning effort
- Corrosion resistance
- Low care requirements
- Generously dimensioned extraction point with safety flap
- Split front side
- Internal steel reinforcements

Dimensions (mm):	1200 x 1000 x 1130
Volume (l):	1000
Net weight (kg)	96
Gross weight (kg)	1093
Hazardous goods class:	none
Max. spec. product weight:	1.5
Bottom Slope (degree):	0
Filled stackable (statical):	2
Height stackable 2 full containers (mm):	2260
Return ratio (folded):	7 : 1
